

INTERNATIONAL SHIPPING INDUSTRY FORUM 2014

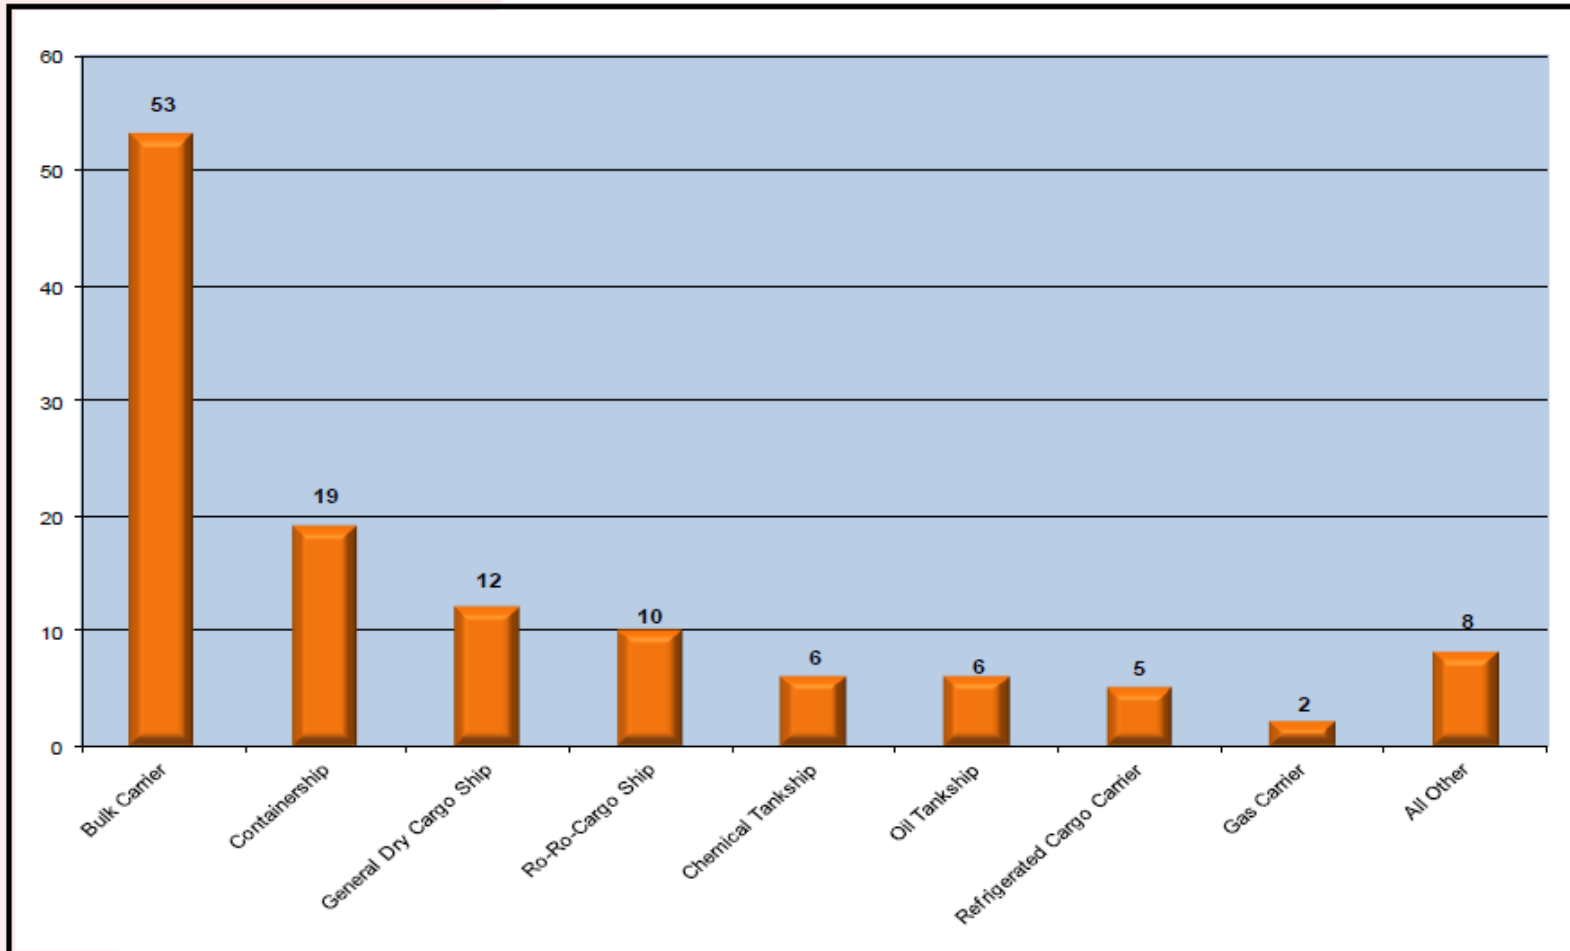

COMMON DEFICIENCIES AS SEEN BY NATIONAL AND LOCAL PORT STATE CONTROL

From the PSC Annual Report 2013: National wide deficiency type ratios

Types of Safety Deficiencies

Detentions by Ship Type

Common deficiencies as seen by local PSC...

- Access Control: Security, checking I.D.
- Lifeboats: Engine
- Engine Room: oil soaked lagging
- Logs/Records: proper logging of oil and garbage record book.
- Fire Doors: seal, hold back devices on self closing doors.
- Emergency Lighting: embarkation and muster stations
- Ballast Water Management: fouled anchor, sediment on hull, not following plan.
